

THE COST OF THE SCHOOL DAY

Voice network activities – taking action

Fundraising and fun events

Ensure that your group is involved in making important decisions at your school.

Lots of schools are looking at how they ask for and collect money for fundraising and fun days.

At Newton Primary in South Ayrshire pupils came up with fun and free activities at their Christmas Fayre.

Pupil fundraising committees can make sure these days don't put pressure on families, making sure there are no set donation amounts and operating a 'chuck it in a bucket' approach where money collections are in central areas of the school and young people can discreetly provide a donation without worry.

What could your group do to make charity and fun days more affordable?

Newton Primary learners set up their free Christmas fayre activity
