

THE COST OF THE SCHOOL DAY

Voice network activities – taking action

Poster campaigns

An activity to help your group promote support available in your school community.

Design a poster campaign to raise the profile of your group and tell everyone about support available in your school.

The Cost of the School Day group at St. John Ogilvie High School in South Lanarkshire created posters to let the rest of the school know what help was available and encourage pupils to come forward and take what they need.
